

link

O heart of my being, O all, I am one with you.
I am within you, by you and with you.
I recognize your presence within the living that constitutes my whole being.
And I am dust in what I see of you.
But never separated.

all

You are all : consciousness, light, substance, and creative life that oppose emptiness.
All around me, you are the power, the substance and the intelligence from which all things are formed and through which they are created.
Within me, you are the continuous source and the ground of my existence, the life of my mind, the intelligence of my thought.
I decide that here, you are wisdom, love and truth for me.

practice

From where I am, I express you through my body and my creative activity.
I aspire to grow so that I can express you to the best of my ability and in truth.
To this end, and through the vigilance of my mind, I strive at every moment to remain united with you in thought.
I allow only you - wisdom, love and truth - to move in my mind.

law of desire and faith

The desire of my thought, rooted in the soil of my existence, is quickened by your life in my spirit.
In the fullness of time and through the law of faith, it is brought into visibility in my experience.
I know that the good I desire is already present in invisible form and but awaits the fulfillment of the law to be manifest itself and I know that this comes to me only through the strength of my faith in my desire.

my desire

This is my desire:
Internally, I want to possess the strength and intelligence necessary to remain united with you in thought and in truth at every moment of my existence.
And I also want you to remain present within me.
And thus, I want to receive eternal life.

Here, I want to express wisdom, love, and truth.
I want to realize harmony, happiness, and abundant prosperity.
I want to understand how to bringing forth from the universal substance that which will satisfy every good desire.
And this, only to be of service to everyone, who is also within you, by you and with you.

Offering or short version

O heart of my being, O all, I open to you the temple you give me and make it your home.
Here, I give you my body, my word, and my spirit to create all the goodness within you.
And I guard my existence to contemplate you and love you eternally.

conclusion

That which I desire is now made clear. I form in mind only that which I desire.
As a seed begins its growth underground in the quiet and in the dark, so does my desire now take form in the silent, invisible realm of my existence.
I enter my secret room and make it your home.
Quietly and confidently, I maintain our secret bond that you may manifest yourself ever more vividly in my experience.

thanks

O heart of my being, O all, I thank you for my mind, I thank you for my words, and I thank you for my body.
